ZONING BYLAW 2284, 2020

A BYLAW OF THE CITY OF MERRITT
TO ESTABLISH ZONES AND REGULATE LAND USE AND
DENSITY WITHIN THE ZONES

WHEREAS the *Local Government Act, 1996, RSBC Chapter 323*, permits a local government to divide the whole or part of the municipality into zones and establish boundaries of the zones;

AND WHEREAS the City of Merritt wishes to regulate use of land, buildings and other structures, the density of use of land, buildings and other structures, the siting, size and dimensions of buildings and other structures and the uses that are permitted on the land;

AND WHEREAS the City of Merritt wishes to regulate the shape, dimensions and area, including the establishment of minimum and maximum sizes of all Parcels of land that may be created by subdivision

NOW THEREFORE the Council of the City of Merritt, in open meeting assembled, hereby **ENACTS AS FOLLOWS:**

PART 1 - ADMINISTRATION

PART ONE - ADMINISTRATION

1.1 Title

- 1.1.1 This Bylaw may be cited for all purposes as the "*Zoning Bylaw No. 2284, 2020*".

1.2 Application

- 1.2.1 The provisions of this Bylaw shall apply to the land within the boundaries of the City of Merritt and to the uses, buildings, and structures thereon.

1.3 Amendment

- 1.3.1 Where required, pursuant to the *Local Government Act*, the City shall mail or otherwise deliver the notice of Hearing on a rezoning or land use contract amendment to the owners and occupiers of all real property in accordance with the City's Land Use Procedures Bylaw.

1.4 Severability

- 1.4.1 If any section, subsection, sentence, clause, or phrase of this Bylaw is for any reason held to be invalid by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Bylaw.

1.5 Effective Date

- 1.5.1 This Bylaw shall come into force and take effect upon adoption.

1.6 Repeal

- 1.6.1 *City of Merritt Zoning Bylaw 2187, 2015* and all amendments thereto, are hereby repealed.

1.7 Schedules

- 1.7.1 Schedule "A" - Zoning Map and Schedule "B" - Floodplain Map are attached to, and form part of this Bylaw.

PART 2 - INTERPRETATION

PART 3 - ENFORCEMENT

PART 3 - ENFORCEMENT

3.1 Application

- 3.1.1** The Building Inspector(s) and any other employee of the City appointed by the Council to administer or enforce this Bylaw, are hereby authorized to enter at all reasonable times upon any property to ascertain whether persons or properties are in compliance with the regulations and provisions of this Bylaw.

3.2 Prohibition

- 3.2.1** No person shall contravene, cause, suffer, or permit a contravention of this Bylaw.
- 3.2.2** No person shall commence or undertake a Use that is not permitted by this Bylaw.
- 3.2.3** No person shall construct, make an addition to, or alter a Structure, which is not permitted by this Bylaw.
- 3.2.4** No person shall modify any description, specifications, or plans that were the basis for the issuance of any permit by the Manager of Planning and Development Services or by a Building Inspector.
- 3.2.5** No person shall authorize or do any construction that is at variance with the description, specifications or plans that were the basis for the issuance of a building permit if such variance contravenes this Bylaw.
- 3.2.6** No person shall prevent or obstruct, or attempt to prevent or obstruct, the authorized entry of the Building Inspector or other appointed employee, authorized under Part 3.1.1 of this Bylaw.

3.3 Penalties

- 3.3.1** Every person who violates a provision of this Bylaw commits an offence and is liable on summary conviction to a penalty not exceeding \$10,000 and the costs of prosecution.
- 3.3.2** Each day a violation of the provisions of this Bylaw exists or is permitted to exist shall constitute a separate offence.

PART 4 - GENERAL REGULATIONS

PART FOUR – GENERAL REGULATIONS

4.1 Application

- 4.1.1 This part is applicable to all zones, unless expressly stated otherwise in a specific zone.

4.2 Permitted Uses

- 4.2.1 The following uses are permitted in all zones:
- a. Public Utility;
 - b. Temporary Structures, for non-residential Use, and the storage of materials required for an approved construction project located on the same Parcel, including the use of waste and recycling receptacles, Shipping Containers, or other similar temporary Structures, provided the temporary Structures are removed within 30 days of final occupancy or completion of construction;
 - c. Site preparation to accommodate or enhance a permitted Use, with a valid Soil Deposition and Removal permit.
- 4.2.2 Uses permitted in this section are subject to the regulations of the zone within which they are located.
- 4.2.3 Uses that are permitted in a zone may be combined at a single Premises.

4.3 Prohibited Uses

- 4.3.1 The following Uses are prohibited in all zones:
- a. All Uses not expressly permitted by this Bylaw;
 - b. A Use that is carried on wholly or partly in a tent, recreational vehicle or Mobile Home, except as specifically permitted by this Bylaw;

 - d. The incinerating or processing of fish, animal, or vegetable waste products;
 - e. The manufacturing of pulp, paper, or petroleum.

4.4 Non-conforming Uses

- 4.4.1 At the time of adoption of this Bylaw, if an existing Use of land or Structure is lawful, and as a result of adoption of this Bylaw, it is deemed non-conforming, then it may be continued as a legal non-conforming Use unless:
- a. the Use is discontinued for a period of six months (subject to normal seasonal and agricultural practices); or
 - b. more than 75% of the value of the Structure above its foundation is damaged or destroyed.

4.5 Discretionary Uses

- 4.5.1** Subject to all other provisions of this Bylaw, upon application, the Development Approving Officer may approve a Discretionary Use, with or without any of the conditions outlined in 4.5.2, provided that the Development Approving Officer first considers the following:
- a. any plans and policies affecting the Parcel;
 - b. the purpose statement in the applicable zoning district;
 - c. the appropriateness of the location and Parcel for the proposed development;
 - d. Strata council approval, if applicable;
 - e. the compatibility and impact of the proposed development with respect to adjacent development and the neighbourhood;
 - f. the merits of the proposed development;
 - g. the servicing requirements;
 - h. Access and transportation requirements;
 - i. vehicle and pedestrian circulation within the Parcel;
 - j. the impact on the public transit system;
 - k. sound planning principles; and
 - l. at the discretion of the Development Approving Officer, Council and public input.
- 4.5.2** The Development Approving Officer may, as a condition of approving a Discretionary Use, impose conditions in respect of the following matters:
- a. actions to be performed or carried out prior to approval;
 - b. the construction or maintenance of the proposed development in accordance with the approved plans;
 - c. the appropriate performance of a Use;
 - d. an environmental site profile;
 - e. the time or times a Use may be carried out;
 - f. phasing of the development;
 - g. limits imposed on the development;
 - h. bonusing requirements;
 - i. the construction of or payment for public utilities, other than telecommunications systems or works;
 - j. vehicular and pedestrian Access that are necessary to serve the development; and
 - k. the furtherance of sound planning principles.
- 4.5.3** After considering an application for a Discretionary Use, the Development Approving Officer must provide written notification of the decision and the reasons for the decision to the applicant.

- 
- 4.5.4** Where the Development Approving Officer has refused an application for Discretionary Use, the applicant may appeal the decision by providing the Corporate Services Director with written notice of the Development Approving Officer's decision and the applicant's reasons for appeal, which will be forwarded to Council for consideration.

4.6 Parcel Area and Width

- 4.6.1** Minimum Parcel Area and minimum Parcel Width requirements are set out for the purpose of subdivision only.
- 4.6.2** Any Parcel existing prior to the adoption of this Bylaw which, at the time of adoption of this Bylaw, fails to meet the minimum Parcel Area or Parcel Width requirements of a zone as set out in this Bylaw, shall not, by reason thereof, be deemed to be non-conforming or unlawful.

4.7 Siting, Size and Dimensions of Structures

- 4.7.1** The construction, reconstruction, alteration, moving, or extension of Structures within any zone shall be in conformity with the regulations for the siting, size, and dimensions of Structures specified in this Bylaw.

4.8 Parcel Access

- 4.8.1** A driveway Access to a residential Parcel may not be greater than 6 metres in width where the Access Abuts the Parcel Line.
- 4.8.2** A residential Parcel may have a maximum of one Frontage Access and one additional Access from a Lane, except in the case of a Multiple Unit Townhome Dwelling building where each Dwelling Unit may have its own Access.
- 4.8.3** The location of an Access is subject to approval by the Development Approving Officer or Building Inspector.
- 4.8.4** An Access to a Parcel must be an adequate distance from an intersection, as determined by the Development Approving Officer or Ministry of Transportation and Infrastructure, as the case may be.
- 4.8.5** An Access to a Parcel may not have a slope that exceeds fifteen percent.

4.9 Panhandle Parcels

- 4.9.1** Where a Panhandle Parcel is of sufficient size to allow for further subdivision into two or more Parcels, the panhandle must have adequate Grade and alignment to provide for a future Highway.
- 4.9.2** Where a Parcel is a Panhandle Parcel that cannot be further subdivided, the panhandle Access must have a width of not less than 3 metres and be suitable for entrance roadway standards of 3 metres width and fifteen percent maximum Grade.
- 4.9.3** Where a Parcel is a Panhandle Parcel, the panhandle Access will not be calculated as part of the Parcel Area for the purpose of determining compliance with minimum Parcel Area requirements.

4.9.4 The Setback requirement for adjacent Parcels from the Parcel Line of a Panhandle Parcel's panhandle Access is 0 metres.

4.9.5 Notwithstanding the Frontage requirements cited elsewhere in this Bylaw, the dimension of a Parcel fronting a Highway must not be less than one tenth of the perimeter of the Parcel, unless an exemption is granted by the Approving Officer.

4.10 Pie Parcels

4.10.1 Notwithstanding the Frontage requirements cited elsewhere in this Bylaw, Parcel Frontages of "pie shaped" Parcels or other irregularly shaped or asymmetrical Parcels located in residential zones may not be reduced to less than 6 metres, except for Multiple Unit Townhome Dwelling Parcels, which may have a Frontage of not less than 3 metres, provided that the average Parcel Width complies with the required minimum Parcel Width.

4.11 Siting Exceptions and Projections

4.11.1 Siting exceptions in this Bylaw are subject to any requirements of the Ministry of Transportation and Infrastructure in relation to arterial Highways.

4.11.2 Certain types of architectural features and Structures are permitted to project into a required Setback in accordance with Table 4.11.

4.11.3 Notwithstanding the projections in Table 4.11, canopies, awnings, patio coverings or other architectural projections may be permitted to project beyond a front or exterior side Parcel Line, subject to Development Approval Officer, and if required Ministry of Transportation and Infrastructure, approval.

| Table 4.11: Projections | |
|--|--|
| Feature | Maximum Projection into Setback |
| Projections from a Structure | |
| chimneys | 0.6 metres into any Setback |
| eaves, eavestroughs and gutters | 0.6 metres interior side 1.5 metres front, exterior side or rear |
| canopies and awnings | 0.6 metres interior side 1.5 metres front or exterior side 3.0 metres rear |
| covered or uncovered balconies, porches, decks, patios or verandas | 1.5 metres front or exterior side 3.0 metres rear If less than 0.6 metres from Grade, not subject to regulations |
| patios for Food Primary Establishments, Liquor Primary Establishments or Brewing and Distilling | No limit |
| fire escapes, open stairways, landings, steps or ramps | 1.5 metres front or exterior side |
| wheelchair ramps | No limit |
| stairs to access a basement below Grade | No limit |
| ornamental elements such as sills, cornices, bay windows, parapets or pilasters | 0.6 metres into any Setback |
| any cantilevered, architectural projection that constitutes less than 25% of the wall face to which the projection is attached | 0.6 metres into any Setback |
| Free Standing Projections | |
| fences, landscape screening, retaining wall, or sign Structures | No limit, except as otherwise limited by this or other legislation |
| Accessory Buildings, including bicycle storage lockers and sheds used for storage of horticultural tools and supplies (<i>see Section 4.16</i>) | Up to 4.8 metres front, with a minimum 1.2 metre Front Setback in residential zones. |
| free standing lighting poles, warning devices, antennas, poles, masts, utility poles, wires, flag poles, gasoline service pumps and pump islands or electric charging stations | No limit, except as otherwise limited by this bylaw or other legislation |
| Underground Projections | |
| underground Structures | No limit, provided that the top surface does not extend more than 0.5 metres above the average Grade |

4.12 Tall Buildings

4.12.1 Buildings of six or more storeys must include the following safety measures:

- a. Stairwells that are clearly marked, including roof access stairwells;
- b. An approved Fire Department lock box that is installed as per the Fire and Safety Regulations Bylaw;
- c. A room or closet on every sixth floor above grade, or alternate floor(s) as approved by the Fire Chief, that is dedicated and clearly identified as a firefighting equipment storage area. Each firefighting equipment storage area must be at least 0.5 metres deep by 1 metre wide and accessible by a locked standard height person door. Each firefighting equipment storage area must be equipped with apparatus as per the Fire and Safety Regulations Bylaw;
- d. A copy of the construction fire safety plan is provided in accordance with the Building Bylaw;
- e. A copy of the building fire safety plan is provided in accordance with the Building Bylaw.

4.12.2 If the design of a building does not, in the opinion of the Fire Chief or designate, facilitate or permit emergency services communication between the interior of the building and Fire Department personnel assembling at the exterior of the building in response to an incident, one of the following must be installed and maintained:

- a. A passive antenna or radiating cable system;
- b. An internal multiple antenna system with unidirectional or bi-directional amplifiers, as needed;

4.16 Accessory Buildings

- 4.16.1** An Accessory Building must not be erected on any Parcel unless:
- a Principal Building has previously been erected; or
 - a Principal Building is erected simultaneously with the Accessory Building.
- 4.16.2** An Accessory Building may not be used as a Dwelling Unit, Secondary Suite, Short-Term Rental or Temporary Accommodation in any zone.
- 4.16.3** Accessory Buildings must conform with the development regulations outlined in each zone, including Setback, Height, Parcel Coverage and building separation.
- 4.16.4** Accessory Buildings have the same Front Setback as the Principal Building.
- 4.16.5** Notwithstanding Section 4.16.4, sheds and bicycle storage lockers which are screened as outlined in Section 6.2 and do not exceed a Height of 1.25 metres and 3 m² in area have a minimum Front Setback equal to the lesser of the Front Setback or 1.2 metres.

4.17 Swimming Pools

- 4.17.1** Swimming pools have the same Front Setback as the Principal Building.
- 4.17.2** At Grade, swimming pools must be located a minimum of 1.2 metres from Interior Side, Exterior Side and Rear Parcel Lines.
- 4.17.3** Above ground swimming pools and associated Decks greater than 0.6 metres in height shall meet the siting requirements of Accessory Buildings and include a means of restricting access when unoccupied.
- 4.17.4** Fencing must be erected around in-ground swimming pools and meet the following requirements:
 - a. Minimum of 1.5 metres in height;
 - b. Include a lockable gate;
 - c. Resistant to climbing;
 - d. Not allow the passage of a 0.1 metre sphere; and
 - e. Not consist of hedges, shrubs, bushes, trees and other plants.

4.18 Temporary Structures

- 4.18.1** The installation of temporary Structures is permitted only in accordance with the following regulations:
 - a. Temporary Structures, including Temporary Fabric Structures, must meet the Setback and Height requirements for Accessory Buildings;
 - b. A maximum of one Temporary Fabric Structure is permitted per Parcel.
 - c. Shipping Containers used as temporary Structures must conform with Section 4.19.2, 4.19.3(b), 4.19.3(c), and 4.19.4.

4.19 Shipping Containers

- 4.19.1** Shipping Containers, cargo containers, and similar metal storage containers may only be used as commercial, industrial, institutional or residential Structures, or components of Structures, if the Shipping Container has been converted to meet the *BC Building Code* and has been issued a building permit from the City of Merritt.
- 4.19.2** Except where prohibited, Shipping Containers may be used as Accessory Buildings, including for the purposes of storage, but only if the Shipping Container has been converted to meet the following requirements:
 - a. A vent must be installed in the lower portion of the Shipping Container doors. The vent must be 0.3 metres by 0.3 metres for containers under 6.0 metres in length and 0.5 metres by 0.5 metres for containers 6.0 metres or more in length;
 - b. A vent must be installed in the upper portion of the Shipping Container opposite the doors. The vent must be 0.3 metres by 0.3 metres for containers under 6.0 metres in length and 0.5 metres by 0.5 metres for containers 6.0 metres or more in length;

- 
- c. Display a placard, which lists all dangerous goods contained within the Shipping Container, on the most visible side.
- 4.19.3** Shipping Containers used for storage purposes must be situated on a Parcel in such a way that the following requirements are met:
- a. Located in the rear yard, except on industrial Parcels where Shipping Containers can also be located in side yards;
 - b. Minimum 3.0 metre separation from combustible Structures;
 - c. Doors facing away from Principal Building entrances and windows;
 - d. Screened from view from any Highway and Abutting Parcels in commercial or residential zones.
- 4.19.4** Shipping Containers are prohibited as Accessory Buildings for the purposes of storage in the R3, R4, R5, R6, R7, R8, RC1, C2 and C6 zones.
- 4.19.5** A maximum of one Shipping Container for the purposes of storage is permitted per residential Parcel in the R1, R1A and R2 zones.
- 4.19.6** Unless stated elsewhere in this Bylaw, the number of Shipping Containers permitted ancillary to a permitted Use in a Commercial or Industrial zone for storage purposes is based on Parcel Area at a rate of one Shipping Container per 0.2 hectares.
- 4.19.7** Shipping Containers must be screened, as per Section 6.2. Shipping Containers for the purposes of storage may only be stacked in the M1, M2, and P2 zones and in no case may Shipping Containers be stacked above two containers in height.

4.20 Stormwater Management

- 4.20.1** A stormwater management plan must be prepared by a certified professional to confirm pre and post development flow conditions. This requirement may be waived by the Development Approving Officer or Building Inspector for developments of two or fewer Dwelling Units.
- 4.20.2** Stormwater management plans should adhere to the standards outlined in the Subdivision and Development Servicing Bylaw. Where the standards in the Bylaw do not meet best management practices, the Master Municipal Construction Documents and Province of British Columbia's Stormwater Planning: A Guidebook for British Columbia should be used to guide development of the stormwater management plan.
- 4.20.3** Post-development run-off must not exceed pre-development flow conditions for a rainfall event that has a probability of occurring once every 5 years.
- 4.20.4** If City stormwater infrastructure is present adjacent to the subject Parcel, the development must connect to the stormwater system. If no infrastructure exists, on-site containment methods can be utilized.

4.21 Hillside Development

- 4.21.1 The intent of the hillside development regulation is to preserve view corridors from Parcels located upslope from a development and minimize the visual impact of buildings from views located below the development.
- 4.21.2 If the average natural Grade over the depth of a Parcel equals or exceeds fifteen percent, development of the Parcel is subject to the following conditions:
- Structures located below the Abutting street must not exceed a height of 7 metres above the elevation of the centerline of the street measured at the midpoint of the Parcel.

Figure 4.21: Hillside Development

- Structures located above the Abutting street must not exceed a Height of 7 metres above the elevation of the mid-point of the rear Parcel Line.
- In no case may a continuous vertical surface of a Structure exceed 9 metres measured from the lowest finished Grade of the Parcel on which it is located.

4.22 Application of Setback Requirements to Strata and Bareland Strata

- 4.22.1 Setback regulations under this bylaw apply to bare land strata Parcels.
- 4.22.2 The Interior Side Parcel Line requirements of this bylaw do not apply to strata Parcels under a registered plan pursuant to the *Strata Property Act* in respect of a boundary within a common wall shared by two or more Dwellings within a building.

4.23 Party Wall Agreements

- 4.23.1 A Party Wall Agreement must be registered on title for residential buildings containing two or more Dwellings in a Semi-Detached Dwelling or Multiple Unit Townhome Dwelling which share a common wall.

4.24 Watercourses

- 4.24.1 Notwithstanding the Setback requirements specified in each zone, Setbacks from the natural boundary of any watercourse must accord with applicable Provincial and Federal regulations.

Figure 4.24: Watercourse Setbacks

4.25 Housing Agreements

- 4.25.1 Increases in the maximum density or reductions in parking or loading requirements are permitted subject to the following conditions:
- The owner enters into a housing agreement or covenant satisfactory to the City of Merritt; and
 - Such public benefit, determined by the City of Merritt, may include affordable or special needs housing for sale or rental at below market rates to qualifying purchasers or tenants or, amenities or amenity improvements to public spaces or community facilities.
- 4.25.2 Special Needs Housing must incorporate physical design features or support services to meet the needs of persons with disabilities.
- 4.25.3 All agreements and covenants entered into pursuant to Part 4.25 of the Bylaw shall run with the land as a priority charge against the title of the subject lands at the Land Title Office.

4.26 Density Bonuses

- 4.26.1** An increase to the maximum Density may be approved by the Development Approving Officer according to the following:

| Table 4.26 Density Bonuses | | |
|---|---------------------------|-----------------------|
| Public Benefit | Zone | Maximum Density Bonus |
| | | % increase |
| Community Amenities, including but not limited to daycare centre, plaza space, playground, community garden or rooftop garden | R2, R3, R6 | 5 |
| | R7 | 5 |
| | R8 | 5 |
| Affordable Housing: Near Market Housing (if a minimum of 20% of total Dwellings are Affordable Housing) | R2, R3, R6 | 10 |
| | R7 | 10 |
| | R8 | 10 |
| Affordable Housing: Subsidized Housing (if a minimum of 20% of total Dwellings are Affordable Housing) | R2, R3, R6 | 15 |
| | R7 | 15 |
| | R8 | 15 |
| Affordable Housing: Essential Housing (if a minimum of 20% of total Dwellings are Affordable Housing) | R2, R3, R6 | 20 |
| | R7 | 20 |
| | R8 | 20 |
| Special Needs Housing | All zones where permitted | 15 |

- 4.26.2** The Density bonuses for Community Amenities outlined in Table 4.26 can be combined with Affordable Housing or Special Needs Housing and are cumulative to a maximum of a 25% increase.
- 4.26.3** A combination of Near Market Housing, Subsidized Housing, Essential Housing or Special Needs Housing is permitted. The density bonuses for these housing types, as outlined in Table 4.26, are not cumulative and shall be an average of the combined housing types.
- 4.26.4** To qualify for a density bonus, the Community Amenity, Affordable Housing or Special Needs Housing Dwelling Units must be maintained as such for a minimum of 20 years, which must be guaranteed by way of a covenant.

4.27 Height Bonuses

4.27.1 An increase to the maximum Height may be approved by the Development Approving Officer according to the following:

| Table 4.27 Height Bonuses | | | | |
|--|--------------------|---|--------------------------|---------|
| Public Benefit | Zone | Amount of space provided | Maximum Height Bonus | |
| | | | Height increase (metres) | Storeys |
| Daycare Centre | C2, C3, C4, C5 | Minimum of 100m ² | 4 | 0.5 |
| | C6 | | 4 | 1 |
| Recreational facility, such as swimming pool, futsal court, basketball court or pickleball court, accessible to the public | C2, C3, C4, C5 | Minimum of 450m ² | 4 | 0.5 |
| | C6 | | 4 | 1 |
| Plaza space, playground, community garden or rooftop garden, accessible to the public | R8 | Minimum of 50m ² | 4 | 0.5 |
| | C2, C3, C4, C5 | | 4 | 0.5 |
| | C6 | | 4 | 1 |
| Affordable Housing or Special Needs Housing | R8 | Minimum 20% of total Dwellings | 4 | 1 |
| | C3, C4, C5 | | 4 | 1 |
| | C6 | | 8 | 1.5 |
| Market Rental Housing | C3, C4 | 100% of Dwellings | 4 | 0.5 |
| | C5, C6 | | 4 | 1 |
| Affordable Lease Space | C2, C3, C4, C5 | Minimum of 20% of total lease space rented at 20% below market rate | 4 | 0.5 |
| | C6 | | 4 | 1 |
| Underground Parking | R8 | Minimum of 80% of parking spaces underground | 4 | 0.5 |
| | C2, C3, C4, C5, C6 | | 4 | 0.5 |
| Crime Prevention Through Environmental Design | R8 | Measures in addition to the requirements outlined elsewhere in this Bylaw | 4 | 0.5 |
| | C2, C3, C4 | | 4 | 0.5 |
| | C5, C6 | | 4 | 1 |

4.27.2 The Height bonuses outlined in Table 4.27 are cumulative to a maximum of the lesser of 8 metres or 2 storeys.

4.27.3 To qualify for a Height bonus, the public benefit must be maintained as such for a minimum of 20 years, which must be guaranteed by way of a covenant.

4.28 Exception from minimum Parcel Size

4.28.1 Minimum Parcel Area, Parcel Depth and Parcel Width provisions of this Bylaw do not apply in the case where:

- a. Two or more Parcels are to be consolidated into one Parcel; or
- b. The Parcel being created is to be used solely for an unattended building, or for equipment necessary for and to be used solely for the operation of:
 - i. A community sewer system;
 - ii. A community water system;
 - iii. A community gas distribution system;
 - iv. A radio or television receiving or broadcasting antenna;
 - v. A telecommunication relay station;
 - vi. An air navigation aid;
 - vii. An electrical substation or power generation station.

4.29 Subdivision without Community Sewer

4.29.1 The minimum Parcel Area for subdivision is 1 hectare for Parcels not connected to a community sewer system.

4.30 Floodplain Regulations

4.30.1 Floodplain Designation

- a. The lands identified on Schedule B of this bylaw as floodplains are hereby designated as a floodplain.
- b. In addition to lands identified on Schedule B, land lower than the following levels is designated as floodplain:
 - i. The 200 year frequency flood levels applying to the Nicola River and Coldwater River, as designated on floodplain mapping by the Province of British Columbia; and
 - ii. 1.5 metres above the natural boundary of any other Watercourse.

4.30.2 Siting Structures in Floodplains

- a. Any fill material required to support a floor system or pad to the level required by this bylaw must not extend within 30 metres of the natural boundary of the Nicola River, the Coldwater River, or other watercourse, except where authorized by a *Riparian Area Protection Regulations* assessment.
- b. The underside of any floor system or top of any pad supporting any space or room, including a Mobile Home, that is used for Dwelling purposes, business or the storage of goods which are susceptible to damage by flood water must be at least 0.6 metres above the floodplain levels outlined in 4.30.1(b).

4.31 Commercial Conversion

- 4.31.1** The intent of this regulation is to allow commercial uses of residential buildings along Nicola Avenue and ensure that they retain the basic form and character of a Single Detached Dwelling.
- 4.31.2** Commercial conversions are permitted in the R2 Zone for those Parcels fronting Nicola Avenue between Cleasby Street and one block east of Blair Street located within the heavy black line shown on the commercial conversion area illustration below.

Figure 4.31: Commercial Conversion Area

- 4.31.3** No external structural alterations or additions may be made to a residential building while a commercial conversion Use is carried out in the building, or for the purpose of accommodating such a Use.

4.32 Home-Based Businesses

- 4.32.1** Home-based Businesses with a valid business licence are permitted in all zones, except the RC1 zone, as a secondary Use.
- 4.32.2** More than one Home-based Business is permitted at a Dwelling Unit or Parcel.
- 4.32.3** Except where it involves horticulture, a Home-based Business may only be conducted within a Dwelling, Detached Secondary Dwelling or one Accessory Building.
- 4.32.4** A Home-based Business must not occupy more than 40% of the Floor Area of the principal Dwelling. The Floor Area of the Dwelling used for the Home-based Business is limited to 25% if the Dwelling also contains a Bed and Breakfast.
- 4.32.5** There is no Floor Area limitation for a Detached Secondary Dwelling or Accessory Building for the Home-based Business.
- 4.32.6** No exterior storage for a Home-based Business is permitted.
- 4.32.7** A Home-based Business may in no way indicate from the exterior that the Dwelling is being so used, except for one home occupation sign in the AR1, R1, R1A, R2 and R3 zones, as permitted by the Sign Bylaw.

- 
- 4.32.8** A Home-based Business must not create a Nuisance.
 - 4.32.9** No more than one person, other than residents of the relevant residence, may be employed at a Dwelling Unit or Parcel with one or more Home-based Businesses.
 - 4.32.10** A Home-based Business must not involve delivery of materials to or from the residence by commercial vehicles.
 - 4.32.11** A Dwelling Unit or Parcel with one or more Home-based Businesses must not generate more than two clients to the site at any given time.

4.33 Bed and Breakfast

- 4.33.1** A Bed and Breakfast with a valid business licence is permitted in Single Detached Dwellings in the AR1, R1, R1A, R2 and R3 zones, as a secondary Use.
- 4.33.2** A Bed and Breakfast must not be conducted in the same building as a Secondary Suite or Short-Term Rental.
- 4.33.3** A Bed and Breakfast must not alter the residential character or show an external indication the Dwelling is being so used, except for one fascia sign, as per the Sign Bylaw.
- 4.33.4** A maximum of four Sleeping Units is permitted in a Bed and Breakfast.
- 4.33.5** Off-street Parking Spaces for Bed and Breakfasts, in addition to the requirements for the Dwelling, are required as per Table 5.16.
- 4.33.6** Parking areas and Open Space to be used by guests of a Bed and Breakfast must be oriented away and screened from Abutting Parcels to minimize the impact of the operation on neighbouring properties.
- 4.33.7** The property owner or operator must reside in the Dwelling at least 180 days per calendar year.
- 4.33.8** The maximum length of stay for any guest at a Bed and Breakfast is 30 consecutive days, and 90 days in a calendar year.

4.34 Short-Term Rentals

- 4.34.1** A Short-Term Rental is permitted in the AR1, C2, C3, C4 and C6 zones, and may be permitted as a Discretionary Use in the R1, R1A, R2, R3, R6, R7, R8 and C5 zones subject to Section 4.5.
- 4.34.2** Operation of a Short-Term Rental requires a valid business licence and payment of all applicable fees and taxes.
- 4.34.3** The submission of written permission from the strata council is required for a Short-Term Rental in a strata development.
- 4.34.4** A valid business licence must be clearly displayed on-site of a Short-Term Rental.
- 4.34.5** Short-Term Rental may contain Cooking Facilities.
- 4.34.6** A Short-Term Rental must not be conducted in a building with a Secondary Suite or a Bed and Breakfast.
- 4.34.7** Off-street Parking Spaces for Short-Term Rentals, in addition to the requirements for the Dwelling, are required in the AR1, R1, R1A and R2 zones as per Table 5.16.
- 4.34.8** At least one Parking Space for the principal Dwelling and the Parking Space for the Short-Term Rental must be located so as to provide direct vehicular Access to the street without obstruction by a vehicle parked in another Parking Space.
- 4.34.9** For a Short-Term Rental in the R1, R1A, R2, R3 or R6 zones, parking areas and Open Space to be used by guests must be oriented away and screened from Abutting Parcels to minimize the impact of the operation on neighbouring properties.
- 4.34.10** The maximum length of stay for any guest at a Short-Term Rental is 30 consecutive days, and 90 days in a calendar year.

4.35 Secondary Suites

- 4.35.1** One Secondary Suite is permitted in a Single Detached Dwelling, Semi-Detached Dwelling or Multiple Unit Townhome Dwelling.
- 4.35.2** The Secondary Suite must be contained within the same building as the principal residence;
- 4.35.3** Secondary Suites may not be used to conduct a Bed and Breakfast or Short-Term Rental;
- 4.35.4** Rentals of a Secondary Suite must have a minimum tenancy period of one month.
- 4.35.5** Off-street Parking Spaces for Secondary Suites, in addition to the requirements for the Dwelling, are required as per Table 5.16.

4.36 Detached Secondary Dwellings

- 4.36.1** Detached Secondary Dwellings are permitted in the AR1, R1, R1A, R2 and R3 zones.
- 4.36.2** Not more than one Detached Secondary Dwelling is permitted on a Parcel.
- 4.36.3** A Detached Secondary Dwelling is permitted on a Parcel that has a Bed and Breakfast or Secondary Suite in the Principal Building.
- 4.36.4** If a Secondary Suite exists in the Principal Building, it must be registered with the City of Merritt prior to the issuance of a building permit for the Detached Secondary Dwelling.
- 4.36.5** A Detached Secondary Dwelling may contain a Short-Term Rental.
- 4.36.6** A Detached Secondary Dwelling may not be occupied unless a Principal Building is in existence on the Parcel and has been issued an occupancy permit, except when an existing Dwelling is being converted into a Detached Secondary Dwelling in conjunction with the construction of a new Principal Building.
- 4.36.7** The maximum floor area of a Detached Secondary Dwelling must be less than the floor area of the Principal Building.
- 4.36.8** Detached Secondary Dwellings have the same Front Setback as the Principal Building.
- 4.36.9** No Detached Secondary Dwelling may be located less than 3 metres away from a Principal Building.
- 4.36.10** Where a Principal Building is connected to the City of Merritt water and sanitary sewer system, any Detached Secondary Dwelling must also be connected via the connections serving the Principal Building.
- 4.36.11** Off-street Parking Spaces for Detached Secondary Dwellings, in addition to the requirements for the Principal Building, are required as per Table 5.16.
- 4.36.12** At least one Parking Space for the principal Dwelling and the Parking Space for the Detached Secondary Dwelling must be located so as to provide direct vehicular Access to the street without obstruction by a vehicle parked in another Parking Space.

4.37 Backyard Hens

- 4.37.1** Backyard Hens are restricted to Parcels in the R1, R1A, R2 and R3 zones.
- 4.37.2** Backyard Hens must be kept in a Backyard Hen Enclosure. Only one Structure containing Backyard Hens is permitted on each property.
- 4.37.3** The Backyard Hen enclosure must be sited to the rear of the Principal Building, be Setback a minimum of 1.2 metres from any Parcel Line, not be visible from the street, and be constructed in a way to prevent infiltration from predatory animals and rodents as well as for sound attenuation.

See the Animal Control Bylaw for regulations on the keeping of animals.

4.38 Beekeeping

- 4.38.1** Written consent from owners and tenants of all Abutting properties and, if applicable, the subject property owner, must be obtained and provided to the City. Neighbours may only object to the keeping of beehives on medical grounds.
- 4.38.2** Bees may only be kept on Parcels zoned R1, R1A, R2 or R3.
- 4.38.3** No more than 2 beehives on a Parcel of less than 1,000 m², 4 beehives on a Parcel that is between 1,000 m² and 2,000 m², and 6 beehives on a Parcel that is over 2,000 m².
- 4.38.4** All beehives must be located in a rear yard and oriented to face away from adjacent properties and Lanes.
- 4.38.5** Beehives have Interior Side, Exterior Side and Rear Setbacks of 2.0 metres.
- 4.38.6** The positioning of all beehives must enable a clear flight path of at least 4.5 metres straight ahead from the front of the beehive to any Parcel Line or Structure.
- 4.38.7** Beehives must be screened from view from any street, Lane or Abutting residential property.

See the Animal Control Bylaw for regulations on the keeping of animals.

4.39 Vehicle Services and Drive-Through Businesses

- 4.39.1** Vehicle Services and Drive-through Businesses are subject to the following:
 - a. Vehicle Services and Drive-through Businesses are not permitted in the C2, C5 or C6 zones;
 - b. All buildings must be situated at least 5 metres from the side Parcel Lines;
 - c. The entire customer service area must be paved with a permanent impermeable surface such as asphalt and concrete.

4.40 Filling Stations

- 4.40.1** Filling Stations are not permitted in the C2, C5 or C6 zones.
- 4.40.2** Gasoline and propane service pumps or pump islands must be installed at least 5 metres away from any Parcel Line.
- 4.40.3** All servicing equipment, other than that normally carried on a pump island, must be entirely enclosed within a building, excluding electric charging stations or propane filling equipment.
- 4.40.4** The entire customer service area must be paved with a permanent surface of asphalt or concrete with proper on-site drainage connected to the City storm sewer system unless the Development Approving Officer has approved a dry well system on-site.

4.41 Retail Cannabis Sales

- 4.41.1** No portion of a Retail Cannabis Sales store may be located within 150 metres of the Parcel Line for any property zoned Park and Cemetery (P1) or any property with a Daycare Centre, Major or Public School Use in the Institutional and Public Use (P2) or City Centre District (C6) zones.
- 4.41.2** No portion of a Retail Cannabis Sales store may be located within 100 metres of the public entrance of another Retail Cannabis Sales store.
- 4.41.3** There may be no more than four Retail Cannabis Sales stores within the City of Merritt.

PART 5 - PARKING AND LOADING

PART FIVE – PARKING AND LOADING

5.1 General Parking Provisions

- 5.1.1** Off-street parking requirements for vehicles, bicycles and motorcycles are outlined in Table 5.16.
- 5.1.2** Required parking must not be provided parallel to and flanking a Lane unless the parking area is accessible by a driveway and is screened from the Lane as outlined in Section 6.2.
- 5.1.3** Any parking area containing four or more Parking Spaces must incorporate landscaping, as outlined in Section 6.4.
- 5.1.4** No person at any time may park or store any commercial vehicle, truck, bus, motor home, truck camper, travel trailer, tow truck or any construction equipment or truck or commercial vehicle containing building material on a Parcel in a residential zone, except:
- a. one truck or commercial vehicle not exceeding 6,350 kg G.V.W. rated capacity;
 - b. one motor home, truck camper or travel trailer provided that the overall length does not exceed 10 metres;
 - c. trucks or equipment required for construction, repair, servicing, or maintenance of the premises when parking during normal working hours;
 - d. one boat or vessel not exceeding a length of 10 metres;
 - e. a truck or commercial vehicle containing building materials when the owner, lessee, or occupier of the Parcel is in possession of an unexpired building permit authorizing the construction of a building on the Parcel, provided that the materials are required for the construction of the building.
- 5.1.5** Section 5.1.4 does not apply to the parking or storage of a vehicle that has been authorized by the City under another bylaw.
- 5.1.6** The parking of a logging truck on residential property requires a permit, as per the Traffic Bylaw.

5.2 Street Parking Permit

- 5.2.1** A parking permit may be issued for Parcels in the R3 zone, subject to regulations in the Traffic Bylaw.
- 5.2.2** With a valid parking permit, the vehicle parking requirements for the R3 zone are as outlined in Table 5.16.

5.3 Tandem Parking

- 5.3.1** Parking Spaces may be configured in tandem for Single Detached Dwellings, Detached Secondary Dwellings, and Semi-Detached Dwellings.

- 
- 5.3.2** In developments containing four or more Dwellings, tandem parking is allowed, provided each Dwelling has one Parking Space with direct Access from an internal road or a Highway and visitor Parking Spaces are not configured in tandem.

5.4 Common Parking

- 5.4.1** Parking Spaces in strata developments may be provided by way of communal parking areas, rather than on each strata lot.
- 5.4.2** Where Common Parking exists, a pathway or sidewalk must connect the parking areas to the strata units.

5.5 Shared Parking

- 5.5.1** Where off-street Parking Spaces can serve two or more non-residential Uses on the same or separate Parcels, shared vehicle parking may be permitted if the peak parking demands of the Uses occur at different times of the day, and the following information is submitted to the City of Merritt in writing as part of a business license, building permit or development permit:
- a. The names and addresses of the uses and of the owners or tenants that propose to share the use of the Parking Spaces;
 - b. The location, number, and type of Parking Spaces that would be shared.

5.6 Parking Design Standards

- 5.6.1** Unless otherwise stated within this Bylaw, vehicle Parking Spaces must meet the minimum dimension requirements listed within Table 5.6. The minimum parking dimension requirements are illustrated within Figure 5.6.
- 5.6.2** The number of regular size to small size vehicle parking spaces is a ratio of 1:1 for parking areas of two spaces and a ratio of 2:1 for parking areas of three or more spaces.

| Table 5.6: Minimum Parking Space and Aisle Dimensions | | | | | |

5.7 Off-Street Vehicle Parking and Loading Provisions

- 5.7.1** When any new development is initiated or when any existing development is expanded, intensified, enlarged, or a use is changed, off-street Parking Spaces and off-street loading spaces must be provided and maintained by the property owner in accordance with the standards of this section.
- 5.7.2** Where provision of off-street parking or loading spaces is required by this Bylaw, a plan of the proposed site layout and landscape plan must be included with the development permit or building permit application. The site plan must be drawn to scale and must clearly illustrate the Parcel size and configuration, building locations, Parking Spaces, loading spaces, on-site circulation, Access driveways, Landscaping, Fences, and any other details relevant to the review of the development proposal.
- 5.7.3** Off-street Parking Spaces shall not be credited as off-street loading spaces or vice versa.
- 5.7.4** Every off-street parking or loading area of four or more Parking Spaces, including every Access to such areas, must have a durable, dust-free hard surface of asphalt, concrete or similar material, unless a permeable surface alternative is approved by the Development Approving Officer.
- 5.7.5** Every off-street parking or loading area must be constructed such that the surface drainage is directed to the City storm sewer system, if available, or alternatively to approved planting areas or an approved on-site drainage system.
- 5.7.6** Every off-street parking or loading area with four or more Parking Spaces, and Access thereto, must have fencing, curbs or secured wheel stops to prevent vehicles from encroaching upon Parcel Lines.
- 5.7.7** All off-street Parking Spaces on Parcels with four or more Parking Spaces and Abutting a pedestrian walkway or landscaped area without a barrier curb must have a wheel stop that is 0.9 metres from the walkway or landscaping area and a minimum of 0.15 metres in height. This requirement does not apply to a Parking Space if the Parking Space is configured parallel to the curb or drive aisle.
- 5.7.8** Every off-street parking or loading area of four or more Parking Spaces must clearly delineate individual Parking Spaces, loading spaces, accessible Parking Spaces, entrances and exits, and garbage and recycling storage areas, where applicable, with pavement markings, signs, and/or other physical means.
- 5.7.9** Every off-street parking or loading area of four or more Parking Spaces must be designed using Crime Prevention Through Environmental Design techniques, including the installation of lighting, signage, and landscaping that enables natural surveillance.
- 5.7.10** Number of Spaces
- The minimum number of off-street vehicle parking and loading spaces required for each Use is specified in the Parking and Loading table (Table 5.16).
 - Where the calculation of the total number of parking and loading spaces results in a fraction of 0.5 or greater, the next highest whole number shall be required.

- c. Where Table 5.16 does not clearly define requirements for a particular development, the single Use class or combination of Use classes most representative of the development shall be used to determine the parking requirements.
- d. Where a development consists of a mix of Use classes, the total off-street parking and loading requirement shall be the sum of the off-street parking and loading requirements for each Use class;
- e. A driveway of a minimum of 5 metres in length shall qualify as a Parking Area, subject to Section 4.8 and any restrictions cited elsewhere in this bylaw.

5.8 Public Benefit Parking Reduction

- 5.8.1** A reduction in the required Parking Spaces may be approved by the Development Approving Officer according to the following:

| Table 5.8: Public Benefit Parking Reduction | | |
|---|---------------------------|--|
| Public Benefit | Zone | Parking Reduction (Spaces per Dwelling) |
| Community Amenities, including but not limited to daycare centre, plaza space, playground, community garden or rooftop garden | R2, R3, R6 | 0.1 |
| | R7 | 0.1 |
| | R8 | 0.1 |
| Affordable Housing: Near Market Housing (if 20% of total Dwellings) | R2, R3, R6 | 0.1 |
| | R7 | 0.1 |
| | R8 | 0.1 |
| Affordable Housing: Subsidized Housing (if 20% of total Dwellings) | R2, R3, R6 | 0.2 |
| | R7 | 0.2 |
| | R8 | 0.2 |
| Affordable Housing: Essential Housing (if 20% of total Dwellings) | R2, R3, R6 | 0.25 |
| | R7 | 0.25 |
| | R8 | 0.25 |
| Special Needs Housing | All zones where permitted | 0.25 |

5.9 City Centre Parking Reduction

- 5.9.1** Vehicle parking requirements outlined in Table 5.16 shall be reduced by 0.25 spaces per Dwelling for Parcels in the City Centre Parking Zone, as illustrated in Figure 5.10.

5.10 Pay in Lieu of Parking

- 5.10.1** In lieu of providing the required number of off-street vehicle Parking Spaces on Parcels in the R6, R7, R8, C1, C2, C3, C4, C5, C7, C8, M1 and M2 zones, an owner may provide to the City a sum of money equal to the number of Parking Spaces not provided multiplied by \$2,000.00 for deposit to the City's Active Transportation and Parking Infrastructure Reserve Fund.

- 5.10.2** In lieu of providing the required number of off-street vehicle Parking Spaces on Parcels in the City Centre Parking Zone, as illustrated in Figure 5.10, an owner may provide to the City a sum of money, for deposit to the City's Active Transportation and Parking Infrastructure Reserve Fund, in the amount of \$1.00 per space for up to a 25% reduction, an additional \$100.00 per space for up to an additional 25% reduction, and an additional \$1,000.00 per space for any additional reduction beyond 50% of the total Parking Spaces required.

Figure 5.10: City Centre Parking Zone

5.11 Motorcycle Parking Standards

- 5.11.1** Unless otherwise stated within this Bylaw, required motorcycle Parking Spaces must be a minimum of 1.2 metres in width and have a depth of no less than 2.4 metres perpendicular to the aisle.

5.12 Bicycle Parking Standards – Short-Term

- 5.12.1** Each required short-term bicycle Parking Space must be:
- At least 0.6 metres wide by at least 1.8 metres long with a vertical clearance of at least 1.25 metres;
 - Located outside a building in a convenient, well-lit location that is visible from the Abutting street.
- 5.12.2** Where a bicycle rack is provided for short-term bicycle parking, the rack must be:
- Capable of enabling a bicycle frame and front or rear wheel to be locked to the rack with a U-shaped shackle lock if both wheels are left on the bicycle;
 - Constructed of theft resistant material and be securely anchored to the floor, ground, or exterior of a building.

- 
- 5.12.3** Where a bicycle locker is provided for short-term bicycle parking, the locker must be securely anchored.
- 5.12.4** Bicycle storage lockers for short-term parking are permitted within the Front Setback of commercial, industrial, and institutional zones. Bicycle storage lockers, of a maximum height of 1.25 metres and gross floor area of 3 m², are permitted in residential front yards, where the front yard is fenced.

5.13 Bicycle Parking Standards – Long Term

- 5.13.1** Each required long term bicycle Parking Space must be:
- At least 0.6 metres wide by at least 1.8 metres long with a vertical clearance of at least 1.25 metres;
 - Covered within a building, under roof overhangs or awnings, in bicycle storage lockers or within or under other Structures;
 - Located in one of the following:
 - a locked room, closet or bicycle storage locker;
 - an area that is enclosed by a floor-to-ceiling fence with a locked gate;
 - an area monitored by a security camera; or
 - an area that is visible from employee work areas.
- 5.13.2** Where a bicycle rack is provided for long term bicycle parking, the rack must be:
- Anchored to the floor, wall or ceiling of the covered space within which it is located;
 - Capable of enabling a bicycle frame and front or rear wheel to be locked to the rack with a U-shaped shackle lock if both wheels are left on the bicycle.
- 5.13.3** Bicycle storage lockers for long term parking are permitted within the Front Setback of commercial, industrial, and institutional zones. Bicycle storage lockers, of a maximum height of 1.25 metres and gross floor area of 3 m², are permitted in residential front yards, where the front yard is fenced.

5.14 Active Transportation

- 5.14.1** Parking for electric mobility scooters, e-bikes, push scooters and similar active transportation modes may be used to meet bicycle parking requirements as outlined in Table 5.16.

5.15 Accessible Parking

- 5.15.1** Vehicle Parking Spaces for persons with disabilities required by the *BC Building Code*:
- must be designated using appropriate markings as accessible Parking Spaces;
 - are included in the calculation of the applicable minimum Parking Space requirement and are not additional to it;
 - must comprise at least 10 percent of the total number of Parking Spaces required by Table 5.16 with a minimum of one accessible Parking Space required.

- 
- 5.15.2** If the required number of total Parking Spaces is reduced, the 10 percent requirement for accessible Parking Spaces shall be calculated using the reduced total. Accessible Parking Spaces cannot be reduced below half of the unreduced total.

5.16 Off-Street Parking and Loading Requirements

- 5.16.1** Off Street Parking and Loading requirements must meet the requirements of Table 5.16:

| Table 5.16: Off-Street Parking and Loading Requirements | | | | | | |

PART 6 - LANDSCAPING AND SCREENING

PART SIX – LANDSCAPING AND SCREENING

6.1 General Requirements

- 6.1.1** All required landscape areas and installations must meet or exceed the Canadian Landscape Standard as jointly published by the Canadian Nursery Landscape Association and Canadian Society of Landscape Architects, as amended from time to time, and must be regularly maintained to meet these standards.
- 6.1.2** Landscaping is required as part of a development permit or building permit for Parcels in multiple unit residential, commercial, industrial, and institutional zones.
- 6.1.3** Landscaping must conform to Crime Prevention Through Environmental Design techniques to enable natural surveillance.
- 6.1.4** Landscaping must consist of the following at minimum:
- a. All plant materials must be of a species capable of healthy growth within the Thompson Nicola region of BC and must conform to the standards of the Canadian Nursery Landscape Association;
 - b. Landscaping should conform to xeriscaping techniques, including the use of drought tolerant, native species;
 - c. The use of cedar plant species is prohibited;
 - d. Deciduous trees must have a minimum caliper of 50 millimeters at the time of planting;
 - e. Coniferous trees, must have a minimum height of 1.5 metres at the time of planting;
 - f. Shrubs must be a minimum height or spread of 0.6 metres at the time of planting.
- 6.1.5** Where a Parcel is to be developed in phases either singly or together with other Parcels, landscaping must be provided on all portions of the site used for a phase, including lands that have been graded or filled. Landscaping must be provided in subsequent phases at the time that these are developed.
- 6.1.6** Any designated landscaping area between the Parcel Line and the existing road curb or shoulder area must be completed concurrently with landscaping within Parcel Lines to the standard of landscaping required for the Parcel.

6.2 Screening

- 6.2.1** Screening must conform to the Landscaping requirements outline in Section 6.1.
- 6.2.2** Landscape Screening consists of the following, subject to 6.2.2(d):
- a. a solid, opaque fence or wall, which is uniformly painted and well maintained, and not used for advertising or display purposes; or
 - b. a non-compact hedge row, which is well maintained; or
 - c. any other means of Screening that is approved by the Development Approving Officer.

6.2.3 Landscape Screening is required in the following instances:

- a. In commercial and industrial zones, all outdoor storage areas and unsightly Uses must have landscape Screening of 2.5 metres in height around the perimeter of the outdoor storage area, and no material other than Shipping Containers may be piled to extend above such Screening;
- b. Where any multiple unit residential, commercial or industrial parking or display area Abuts a Parcel with a residential Principal Use or is separated therefrom by a Lane, other than a Parcel in the C6 zone, landscape Screening of 2.0 metres in height must be provided and properly maintained along the common Parcel Line;
- c. In accordance with Section 4.16.5, bicycle storage lockers and garden sheds within a Front Setback must have Screening of 1.25 metres in height between the Structure and the front and side Parcel Lines.
- d. Shipping Containers must have a screen of 2.0 metres in height.
- e. Where parking is provided parallel to a Lane, there must be Screening of 2.0 metres in height between the parking area and the Lane;
- f. Where Screening along a Lane is required by 6.2.3(b) or 6.2.3(c), the maximum Screening height is 1.25 metres within 6 metres from any point of ingress to a Parcel;
- g. All landscaping and Screening must provide for clear sightlines to Highway intersections in accordance with accepted engineering standards.

6.3 Screening of Refuse and Recycling Bins

6.3.1 All Screening of refuse and recycling bins must comply with Section 6.2.

6.3.2 All site refuse and recycling bins in zones other than AR1, including all receptacles used for the temporary storage of materials, must have opaque Screening from adjacent Parcels and Highways.

6.3.3 All refuse and recycling bins must be at least 1.2 metres from any Abutting residential zone.

6.3.4 An unobstructed Access with a minimum width of 3.0 metres and a minimum vertical clearance of 4.6 metres must be provided for refuse and recycling rooms or enclosures. The minimum distance in front of the enclosure for the commercial truck to access the container is 21.3 metres.

6.4 Landscaping of Parking Areas

- 6.4.1** Any parking area containing four or more Parking Spaces must incorporate landscaping, as follows:
- a. Landscaping must conform to Crime Prevention Through Environmental Design techniques to enable natural surveillance;
 - b. Common parking areas must be screened from adjacent Dwellings;
 - c. Landscaped islands are required at the end of each parking aisle, must not be longer than the adjacent Parking Space, and must be designed so that loading and unloading vehicles can be done without undue interference;
 - d. The maximum number of Parking Spaces in a consecutive row is 10, with a landscaped island separating the next 10 spaces or drive aisle;
 - e. Landscaped islands must be clearly delineated as separate and in addition to required vehicle parking and loading spaces described in Table 5.16.

6.5 Retaining Walls

- 6.5.1** Retaining walls exceeding 1.2 metres in Height must be designed and reviewed by a registered professional engineer and require the issuance of building permit from the City of Merritt.
- 6.5.2** Retaining walls on all residential Parcels, may not exceed a height of 1.2 metres measured from Grade on the lower side, except where the Grade of the Parcel on which it is located is lower than the Abutting Parcel, in which case the Height is subject to approval from the Development Approving Officer or Building Inspector.
- 6.5.3** The combined height of a fence and retaining wall within 1.0 metre of a Parcel Line shall not exceed 2.0 metres, measured from grade.
- 6.5.4** Multiple retaining walls must be spaced to provide at least a 1.2 metres horizontal separation.
- 6.5.5** Retaining walls must be designed to resist the lateral pressure of the retained material.

6.6 Landscape Buffers

6.6.1 Landscape buffers are intended to improve land use compatibility and environmental quality by reducing noise, lighting glare and other nuisances, or facilitating natural drainage and wildlife movement.

6.6.2 Landscaping buffers are required in the following areas:

- a. If a Structure is constructed on a Parcel with a commercial or residential Use Abutting the Provincial Agricultural Land Reserve, a landscape buffer 8.0 metres wide is required on the commercial or residential Parcel;
- b. Where any industrial Parcel Abuts a Parcel in a residential zone, a landscape buffer 3.0 metres wide is required on the industrial Parcel if a Structure is constructed on the Parcel;
- c. Where any commercial or industrial Parcel Abuts a Highway other than a Lane, a landscape buffer is required on the commercial or industrial Parcel with a width equal to the required front or side yard Setback of the respective zone, when a Structure is constructed on the Parcel.

6.6.3 Landscaping buffers must consist of the following:

- a. A minimum of 20% of the landscaped area must be planted in shrubs;
- b. A minimum of 5% of the landscaped area must be planted in trees using the canopy area of the trees at the time of planting as a measure of the number and size of trees required;
- c. A maximum of 15% of the area must be planted with perennials;
- d. For buffers under Section 6.6.2(a), a double row of coniferous trees is required;
- e. For buffers under Section 6.6.2(b), a single row of coniferous trees is required.

6.7 Landscape Plans, Cost Estimates and Security Deposits

6.7.1 Applications for a development permit or building permit must be accompanied by a landscape plan for the landscaping or landscape buffer. The landscape plan must include a list of plant species to be used and any irrigation to be installed. The landscape plan must describe all proposed improvements to install, establish and maintain fencing, landscaping and landscape buffers in accordance with this bylaw. All plans must be drawn to scale by a qualified landscape designer professional.

6.7.2 A landscape cost estimate must be prepared by a landscape architect, landscaping company or nursery and submitted with the landscape plan.

6.7.3 A landscape security deposit in the amount 120% of the landscape cost estimate must be submitted with the landscape plan. When all works are completed, the City will refund 90% of the security deposit. The remaining 10% will be retained for one additional year to ensure the plants are established.

PART 7 - ZONING DISTRICTS

PART SEVEN – ZONING DISTRICTS

7.1 List of Zoning Districts

- 7.1.1 The area within the boundaries of the City of Merritt is hereby divided into the zoning districts shown on the Zoning Map attached to and forming part of this Bylaw, with the following zoning district designations and their short form equivalents:

| Zoning Districts | Short Form |

7.2 Agricultural – AR1

7.2.1 Intent

This zone provides for the conservation and preservation of lands for agricultural use and production.

7.2.2 Principal Uses

The following principal uses are permitted in the zoning district designated AR1:

- a. Agricultural Use;
- b. Animal Boarding;
- c. Dwelling, Single Detached;
- d. Greenhouse Agriculture;
- e. Mobile Home;
- f. Modular Home;
- g. Winery.

7.2.3 Secondary Uses

The following Secondary Uses are permitted in the zoning district designated AR1:

- a. Accessory Building;
- b. Bed and Breakfast;
- c. Dwelling, Detached Secondary;
- d. Home-based Business;
- e. Mobile Retail Vendor;
- f. Produce Stand;
- g. Secondary Suite;
- h. Short-Term Rental.

7.2.4 Subdivision Regulations

- a. Parcels to be created in the AR1 zone must conform to Table 7.2.4:

| Table 7.2.4 Subdivision Regulations | | | | |
|---|-------------|-----------------------|----------------------|----------------------|
| Use | Parcel Type | Minimum Parcel Area | Minimum Parcel Width | Minimum Parcel Depth |
| All permitted uses as outlined in 7.2.2 | ALR | 20,000 m ² | 40 metres | 50 metres |
| | Outside ALR | 10,000 m ² | 40 metres | 50 metres |

7.2.5 Site Development Regulations

- a. Site development in the AR1 zone must conform to Table 7.2.5:

| Table 7.2.5 Site Development Regulations | | | | | | | | |
|--|--|--|-----------------------|-------------------------------|-------------------------------|----------------------|------------------------------------|-------------------------|

- b. Off-street parking and loading must comply with Part 5;
- c. Landscaping and Screening must comply with Part 6.

7.6 Small Parcel Residential (R3)

7.6.1 Intent

The purpose of the Small Parcel Residential zone is to provide for the establishment of small and narrow Parcels with Single Detached, Semi-Detached and Multiple Unit Townhome residential and the development of Detached Secondary Dwellings and Secondary Suites.

7.6.2 Principal Uses

The following principal uses are permitted in the zoning district designated R3:

- a. Dwelling, Multiple Unit Townhome;
- b. Dwelling, Single Detached;
- c. Dwelling, Semi-Detached.

7.6.3 Discretionary Uses

Subject to the regulations outlined in Section 4.5, the Development Approving Officer may approve any of the following uses, with or without conditions:

- a. Short-Term Rental.

7.6.4 Secondary Uses

The following Secondary Uses are permitted in the zoning district designated R3:

- a. Accessory Building;
- b. Dwelling, Detached Secondary;
- c. Home-based Business;
- d. Secondary Suite;
- e. Urban Agriculture.

7.6.5 Subdivision Regulations

- a. Parcels to be created in the R3 zone must conform to Table 7.6.5:

| Table 7.6.5 Subdivision Regulations | | | | |
|-------------------------------------|--------------------|---|--|---|
| Use | Parcel Type | Minimum Parcel Area | Minimum Parcel Width | Minimum Parcel Depth |
| Dwelling, Single Detached | Lane Access | 112.5 m ² | 7.5 metres | 15 metres |
| | Front Access | 112.5 m ² | 7.5 metres | 15 metres |
| | Corner | 135 m ² | 9 metres | 15 metres |
| | Lane Access Corner | 135 m ² | 9 metres | 15 metres |
| | Panhandle | 112.5 m ² , not including the panhandle access | 7.5 metres, not including the panhandle access | 15 metres, not including the panhandle access |
| | Pie | 112.5 m ² | 6 metre frontage and average width of 7.5 metres | 15 metres |
| Dwelling, Semi-Detached | Lane Access | 180 m ² | 12 metres | 15 metres |
| | Front Access | 180 m ² | 12 metres | 15 metres |
| | Corner | 225 m ² | 15 metres | 15 metres |
| | Lane Access Corner | 225 m ² | 15 metres | 15 metres |
| | Panhandle | 180 m ² , not including the panhandle access | 12 metres, excluding the panhandle access | 15 metres, excluding the panhandle access |
| | Pie | 180 m ² | 6 metre frontage and average width of 12 metres | 15 metres |

| Accessory Building | all Parcel types | N/A | Front Building Line | 1.2 metres | 2.8 metres | 1.2 metres | Lesser of 5 metres or 1.5 storeys | |

- 
- b. Notwithstanding the regulations in Table 7.6.6, if 20% of the total Multiple Unit Townhome Dwellings are dedicated as Affordable Housing, the maximum density may be increased, as per Table 4.26.
 - c. Notwithstanding the regulations in Table 7.6.6, Parcel Coverage may be increased to a maximum of 95% with use of permeable surface materials for driveways and/or pathways on at least 10% of the total Parcel Area.
 - d. Private Open Space must be provided for each Multiple Unit Townhome Dwelling Unit based on the following:
 - i. 10 m² for each three or more bedroom unit; and
 - ii. 7.5 m² for each two bedroom unit; and
 - iii. 5 m² for each one bedroom unit or bachelor unit.
 - e. Notwithstanding the regulations in Table 7.6.6, the Interior Side Setback for Semi-Detached Dwellings or Multiple Unit Townhome Dwellings is 0 metres where adjoining units share a Parcel Line.
 - f. Notwithstanding the regulations in Table 7.6.6, the Interior Side Setback for Semi-Detached Dwelling or Multiple Unit Townhome Dwelling Garages with Access off a Lane is 0 metres when adjoining Garages share a Parcel Line.
 - g. Notwithstanding the regulations in Tables 7.6.6, the Front Setback or Rear Setback may be reduced to 3 metres if there is no vehicle Access to the Parcel.
 - h. For building strata developments, the minimum Setback from the inner curb of the internal road or a Highway is 3 metres.
 - i. Minimum separation between the Principal Building and a Detached Secondary Dwelling is 3 metres, and the minimum separation between Accessory Buildings and other Structures is 1.5 metres.

7.6.7 Conditions of Use

- a. For Semi-Detached Dwellings or Multiple Unit Townhome Dwellings constructed on a Parcel Line, the boundary between the Parcels must project in a straight line throughout the length of the Dwellings.

7.6.8 Other Regulations

- a. All Structures and Uses must comply with Part 4;
- b. Off-street parking and loading must comply with Part 5;
- c. Landscaping and Screening must comply with Part 6.

7.7 Residential Modular Home (R4)

7.7.1 Intent

The Residential Modular Home zone is intended to regulate the development of modular homes in proper relationship to community facilities and surrounding development.

7.7.2 Principal Uses

The following Principal Uses are permitted in the zoning district designated R4:

- a. Dwelling, Single Detached;
- b. Modular Home.

7.7.3 Secondary Uses

The following Secondary Uses are permitted in the zoning district designated R4:

- a. Accessory Building;
- b. Home-based Business.

7.7.4 Subdivision Regulations

- a. Parcels to be created in the R4 zone must conform to Table 7.7.4:

| Table 7.7.4 Subdivision Regulations | | | | |
|---|--------------------|---|--|----------------------|
| Use | Parcel Type | Minimum Parcel Area | Minimum Parcel Width | Minimum Parcel Depth |
| Dwelling, Single Detached or Modular Home | Lane Access | 160 m ² | 8 metres | 20 metres |
| | Front Access | 180 m ² | 9 metres | 20 metres |
| | Corner | 220 m ² | 11 metres | 20 metres |
| | Lane Access Corner | 180 m ² | 9 metres | 20 metres |
| | Panhandle | 180 m ² , not including the panhandle access | 9 metres, not including the panhandle access | 20 metres |
| | Pie | 180 m ² | 6 metre frontage and average width of 9 metres | 20 metres |

7.7.5 Site Development Regulations

- a. Site development in the R4 zone must conform to Table 7.7.5:

| Table 7.7.5 Site Development Regulations | | | | | | | | |
|---|--------------------|----------------------------|--|--|-------------------------------------|----------------------|------------------------------------|-------------------------------------|
| Use | Parcel Type | Maximum Density | Minimum Front Setback | Minimum Interior Side Setback | Minimum Exterior Side Setback | Minimum Rear Setback | Maximum Height | Maximum Parcel Coverage |
| Dwelling, Single Detached or Modular Home | Lane Access | 1 Dwelling Unit per Parcel | 3 metres | 1.2 metres | N/A | 5 metres | Lesser of 12 metres or 2.5 storeys | 70%, except as outlined in 7.7.5(b) |
| | Front Access | 1 Dwelling Unit per Parcel | 5 metres | 1.2 metres | N/A | 1.2 metres | Lesser of 12 metres or 2.5 storeys | |
| | Corner | 1 Dwelling Unit per Parcel | 5 metres | 1.2 metres | 1 metre | 1.2 metres | Lesser of 12 metres or 2.5 storeys | |
| | Lane Access Corner | 1 Dwelling Unit per Parcel | 3 metres | 1.2 metres | 3 metres | 5 metres | Lesser of 12 metres or 2.5 storeys | |
| | Panhandle | 1 Dwelling Unit per Parcel | 3 metres, not including panhandle access | 1.2 metres, excluding panhandle access | 1 metre, excluding panhandle access | 1.2 metres | Lesser of 12 metres or 2.5 storeys | |
| | Pie | 1 Dwelling Unit per Parcel | 5 metres | 1.2 metres | 1 metre | 1.2 metres | Lesser of 12 metres or 2.5 storeys | |
| Accessory Building | all Parcel types | N/A | Front Building Line | 1.2 metres | 1.2 metre | 1.2 metres | Lesser of 5 metres or 1.5 storeys | |

- b. Notwithstanding the regulations in Table 7.7.5, Parcel Coverage may be increased to a maximum of 85% with use of permeable surface materials for driveways and/or pathways on at least 15% of the total Parcel Area.
- c. For building strata developments, the minimum Setback from the inner curb of the internal road or a Highway is 3 metres.
- d. For developments of more than four Dwellings, 5% of the Parcel Area must be dedicated as Open Space.
- e. Minimum separation between Accessory Buildings and other Structures is 1.5 metres.

7.7.6 Conditions of Use

- a. A modular home must be certified to conform to the CSA Standard A277.

7.7.7 Other Regulations

- a. All Structures and Uses must comply with Part 4;
- b. Off-street parking and loading must comply with Part 5;
- c. Landscaping and Screening must comply with Part 6.

7.8 Mobile Home Park (R5)

7.8.1 Intent

The Mobile Home Park zone is intended to regulate the establishment of rental mobile home parks, in proper relationship to community facilities and surrounding development.

7.8.2 Principal Uses

The following principal uses are permitted in the zoning district designated R5:

- a. Mobile Home Park.

7.8.3 Secondary Uses

The following Secondary Uses are permitted in the zoning district designated R5:

- a. Accessory Building;
- b. Administrative Office;
- c. Home-based Business.

7.8.4 Subdivision Regulations

- a. Parcels to be created in the R5 zone must conform to Table 7.8.4:

| Table 7.8.4 Subdivision Regulations | | | | |
|-------------------------------------|---|----------------------|----------------------|----------------------|
| Use | Parcel Type | Minimum Parcel Area | Minimum Parcel Width | Minimum Parcel Depth |
| Mobile Home Park | All types | 2,500 m ² | 50 metres | 50 metres |
| Mobile Home | single-wide Space within a mobile home park | 180 m ² | 9 metres | 20 metres |
| | Double-wide Space within a Mobile Home Park | 280 m ² | 14 metres | 20 metres |

7.8.5 Site Development Regulations

- a. Site development in the R5 zone must conform to Table 7.8.5:

| Table 7.8.5 Site Development Regulations | | | | | | | | |
|--|---------------------------------|---------------------------|-----------------------|-------------------------------|-------------------------------|----------------------|-----------------------------------|-------------------------------------|
| Use | Parcel Type | Maximum Density | Minimum Front Setback | Minimum Interior Side Setback | Minimum Exterior Side Setback | Minimum Rear Setback | Maximum Height | Maximum Parcel Coverage |
| Mobile Home Park | All types | 55 units per hectare | 3 metres | 1.2 metres | 3 metres | 3 metres | Lesser of 7.6 metres or 1 storey | 70%, except as outlined in 7.8.5(b) |
| Mobile Home | Space within a mobile home park | 1 Dwelling Unit per Space | 0.9 metres | 1.2 metres | 1 metre | 1.2 metres | Lesser of 7.6 metres or 1 storey | |
| Accessory Building | All types | N/A | Front Building Line | 1.2 metres | 1.2 metres | 1.2 metres | Lesser of 5 metres or 1.5 storeys | |

- b. Notwithstanding the regulations in Table 7.8.5, Parcel Coverage may be increased to a maximum of 85% with use of permeable surface materials for driveways and/or pathways on at least 15% of the total Parcel Area.

- 
- c. Each Mobile Home must be provided with an individual Mobile Home Space with internal road access, of not less than 180 m², with a minimum width of 9 metres and a minimum depth of 20 metres.
 - d. No Mobile Home may be located closer than 0.9 metres to the inner curb of an internal roadway or parking area, 2.4 metres to another Mobile Home, or 1.2 metres to the boundary of an adjacent Mobile Home Space.
 - e. Minimum separation between Accessory Buildings and other Structures is 1.5 metres.
 - f. A minimum of 5% of the Parcel Area must be Open Space.

7.8.6 Conditions of Use

- a. A Mobile Home must be located on a permanent foundation and certified to conform to the CSA Standard Z240 or A277.
- b. Mobile Homes must be registered with the Province of BC Manufactured Home Registry and meet or exceed Technical Safety BC standards at time of Placement Permit.
- c. Administrative Office is limited to one office for the management and operation of the Mobile Home Park.

7.8.7 Other Regulations

- a. All Structures and Uses must comply with Part 4;
- b. Off-street parking and loading must comply with Part 5;
- c. Landscaping and Screening must comply with Part 6.

7.9 Strata Residential (R6)

7.9.1 Intent

The purpose of the Strata Residential zone is to provide for the development of Single Detached, Semi-Detached, Multiple Unit Townhome and Multiple Unit Apartment Dwellings within the confines of one Parcel. Although the development may contain reduced servicing and regulatory standards and is maintained privately under common ownership, its appearance is that of a conventional residential subdivision.

7.9.2 Principal Uses

The following Principal Uses are permitted in the zoning district designated R6:

- a. Dwelling, Multiple Unit Apartment;
- b. Dwelling, Multiple Unit Townhome;
- c. Dwelling, Single Detached;
- d. Dwelling, Semi-Detached;
- e. Modular Home.

7.9.3 Secondary Uses

The following Secondary Uses are permitted in the zoning district designated R6:

- a. Accessory Building;
- b. Home-based Business;
- c. Secondary Suite, with permission of the Strata Council, except in a Modular Home or Multiple Unit Apartment Dwelling.

7.9.4 Subdivision Regulations

- a. Parcels to be created in the R6 zone must conform to Table 7.9.4:

| Table 7.9.4 Subdivision Regulations | | | | |
|-------------------------------------|---------------|-------------------------------------|--------------------------------------|--------------------------------------|
| Use | Parcel Type | Minimum Parcel / Strata Lot Area | Minimum Parcel / Strata Lot Width | Minimum Parcel / Strata Lot Depth |
| all principal Uses | parent Parcel | 1,350 m ² | 45 metres | 30 metres |

7.9.5 Site Development Regulations

- a. Site development in the R6 zone must conform to Table 7.9.5:

| Table 7.9.5 Site Development Regulations | | | | | | | | |
|--|---------------|-------------------------------------|-------------------------------------|-------------------------------|-------------------------------|----------------------|-----------------------------------|-------------------------------------|
| Use | Parcel Type | Maximum Density (units per hectare) | Minimum Front Setback | Minimum Interior Side Setback | Minimum Exterior Side Setback | Minimum Rear Setback | Maximum Height | Maximum Parcel Coverage |
| All principal uses | Parent Parcel | 90 | 3 metres | 1.5 metres | 3 metres | 3 metres | Lesser of 18 metres or 4 storeys | 75%, except as outlined in 7.9.5(b) |
| Dwelling, Multiple Unit Apartment | Strata Lot | 90 | See 7.9.5(c), 7.9.5(d) and 7.9.5(e) | | | | Lesser of 18 metres or 4 storeys | |
| Dwelling, Multiple Unit Townhome | Strata Lot | 90 | See 7.9.5(c), 7.9.5(d) and 7.9.5(e) | | | | Lesser of 18 metres or 4 storeys | |
| Dwelling, Single Detached | Strata Lot | 60 | See 7.9.5(c), 7.9.5(d) and 7.9.5(e) | | | | Lesser of 14 metres or 3 storeys | |
| Dwelling, Semi-Detached | Strata Lot | 90 | See 7.9.5(c), 7.9.5(d) and 7.9.5(e) | | | | Lesser of 14 metres or 3 storeys | |
| Modular Home | Strata Lot | 60 | See 7.9.5(c), 7.9.5(d) and 7.9.5(e) | | | | Lesser of 7.6 metres or 1 storey | |
| Accessory Building | All types | N/A | See 7.9.5(f) | | | | Lesser of 5 metres or 1.5 storeys | |

- b. Notwithstanding the regulations in Table 7.9.5, Parcel Coverage may be increased to a maximum of 90% with use of permeable surface materials for driveways and/or pathways on at least 15% of the total Parcel Area.
- c. No Dwelling may be located closer than 3 metres to the interior of a curb of an internal roadway or parking area.
- d. No Dwelling may be located closer than 5 metres to a Highway, except for Dwellings without vehicle Access off the Highway, in which case the minimum Setback is 3 metres.
- e. No Dwelling may be located closer than 3 metres from another Dwelling, except in the case of Dwelling Units that share a common wall.
- f. Minimum separation between Accessory Buildings and other Structures is 1.5 metres.

- 
- g. Private Open Space must be provided for each Multiple Unit Apartment Dwelling or Multiple Unit Townhome Dwelling based on the following:
 - i. 10 m² for each three or more bedroom unit; and
 - ii. 7.5 m² for each two bedroom unit; and
 - iii. 5 m² for each one bedroom unit or bachelor unit
 - h. A minimum of 5% of the Parcel Area must be Open Space.

7.9.6 Conditions of Use

- a. Each Multiple Unit Townhome Dwelling building must contain a minimum of three and a maximum of eight Dwelling Units.
- b. A Modular Home must be certified to conform to the CSA Standard A277.

7.9.7 Other Regulations

- a. All Structures and Uses must comply with Part 4;
- b. Off-street parking and loading must comply with Part 5;
- c. Landscaping and Screening must comply with Part 6.

7.10 Medium Density Residential (R7)

7.10.1 Intent

The Medium Density Residential zone is oriented towards providing higher-intensity, pedestrian-oriented residential development, including row houses, back-to-back townhomes, stacked townhomes, and apartment buildings.

7.10.2 Principal Uses

The following Principal Uses are permitted in the zoning district designated R7:

- a. Dwelling, Multiple Unit Apartment.
- b. Dwelling, Multiple Unit Townhome.

7.10.3 Discretionary Uses

Subject to the regulations outlined in Section 4.5, the Development Approving Officer may approve any of the following uses, with or without conditions:

- a. Short-Term Rental.

7.10.4 Secondary Uses

The following Secondary Uses are permitted in the zoning district designated R7:

- a. Accessory Building;
- b. Home-based Business;
- c. Secondary Suite, in a Multiple Unit Townhome Dwelling.

7.10.5 Subdivision Regulations

- a. Parcels to be created in the R7 zone must conform to Table 7.10.5:

| Table 7.10.5 Subdivision Regulations | | | | |
|--------------------------------------|--------------------|---|---|---|
| Use | Parcel Type | Minimum Parcel Area | Minimum Parcel Width | Minimum Parcel Depth |
| Dwelling, Multiple Unit Apartment | Lane Access | 360 m ² | 18 metres | 20 metres |
| | Front Access | 360 m ² | 18 metres | 20 metres |
| | Corner | 400 m ² | 20 metres | 20 metres |
| | Lane Access Corner | 400 m ² | 20 metres | 20 metres |
| | Panhandle | 360 m ² , not including the panhandle access | 18 metres, not including the panhandle access | 20 metres, not including the panhandle access |
| | Pie | 360 m ² | 6 metre frontage and average width of 18 metres | 20 metres |
| Dwelling, Multiple Unit Townhome | Lane Access | 360 m ² | 18 metres | 20 metres |
| | Front Access | 360 m ² | 18 metres | 20 metres |

7.27 Comprehensive Development (CD)

7.27.1 Intent

The intent of the Comprehensive Development Zone is to allow for the creation of comprehensive, site specific land use regulations for properties within the City. Circumstances are such that control by conventional zones would be inappropriate or inadequate with regard to existing or future surrounding developments or to the interest of the applicant or to the public.

7.27.2 Application

- a. The City shall only create this where the following conditions are met:
 - i. the proposed development is, in the opinion of City Council, considered appropriate for the site with regard to the policies and objectives of the Official Community Plan and any other applicable City plan or policy; or
 - ii. the use of any other zone in the Zoning Bylaw to accommodate the proposed development would, in the opinion of City Council, result in potential conflicts with the scale and character of existing or future surrounding development, should the full development potential of such zone be utilized; or
 - iii. the proposed development is of a scale, character, or complexity requiring comprehensive planning and implementation that, in the opinion of City Council, is of a unique form or nature not contemplated or reasonably regulated by another zone.
- b. In addition to the information required by the Development Procedures Bylaw, the applicant must also provide the following information:
 - i. support rationale explaining why a Comprehensive Development Zone is desirable for the site, having regard to Section 7.27.2(a) above;
 - ii. a proposed zone, laid out in a similar format to the standard zone, which includes: the general purpose of the zone, a list of permitted Uses for the site, a list of regulations for the site, and a list of any other regulations that may apply;
 - iii. a narrative documenting the opinions and concerns of surrounding property owners and residents obtained through a public information program and how the proposed development responds to these concerns, together with a summary of the methods used to obtain such input;
 - iv. a site plan and/or elevations may be required to be attached to the specific CD zone as a schedule, where, in the opinion of City Council, the complexity of the proposed development is such that a site plan and/or elevations would be necessary to clarify or interpret the written regulations of the specific CD zone.
- c. The regulations of Part Two, Four, Five, and Six apply to all development within sites zoned as CD, unless such regulations are specifically excluded or modified by the CD zone.

- 
- d. If the Comprehensive Development Zone is located in a Development Permit Area, the City shall specify the nature of development that is permitted, or which requires a Development Permit, in accordance with the Official Community Plan.
 - e. CD zones shall be designated on the Zoning Map by "CD" followed by the reference number of the CD zone.

7.28 Comprehensive Development – Residential Commercial (CD1-RC)
