

Hello Planners,

We as residents of Hill Street are not in favor of this development to include a trailer park. We are OK with a modular home park, but not a mobile home park. A gated community along this line would be a great addition to our community. Sad to see this open land being developed, but that's progress. All we want is a development that is an addition to the area and not not to bring down the overall desirability or appearance of Collettsville.

Thank you.
